

Heidelberg Stahlfolder TX 96-6-6

Properties

Reference number:	IMP2134
Manufacturer:	Heidelberg
Model:	Stahlfolder TX 96-6-6
Year of production:	2014
Format / Working width:	96,5 x 132
Colors / Number of units:	6-6
Available:	takoj
Machine visible:	v proizvodnji
Price:	on request

Technical specification

Heidelberg Stahlfolder TX 96 Signature Production Line

- Extremely short makeready times
- Maximum production output - Up to 50% higher productivity
- Excellent consistent folding quality
- High automation
- Reliable industrial operation ideal for high-volume commercial printing and book production

Technical specification:

- TX Performance Package
- Automated PFX 96 Pallet Feeder
- First Folding Station TX 96 with 6 buckle plates
- Second Folding Station TX 82 with 6 buckle plates
- Twinstacker TSH 100 Delivery
