

INO PRINT VS6 500

Reference number:	2058
Manufacturer:	INO
Model:	PRINT VS6 500
Year of production:	2021
Format / Working width:	500 x 350 mm
Available:	immediately
Machine visible:	in production
Price:	on request

Technical specification

- **3/4 used automatic screen printing machine PRINT VS6 500**

The PRINT VS6 is modernly designed screen printing machine for printing on different materials (foil, paper, cardboard, self-adhesive material etc.) on vacuum table.

Easy handling, swift tool exchange, fine regulation of all for printing important parameters are just some of the equipment highlights.

- **Automatic take-off device**

increases productivity up to 30% and print quality as well as renders operator's service easier as he only takes care to load printed materials. Take-off could be performed from any position of the vacuum table.

- **Servo drive of lifting system**

servo drive saves expensive air consumption.

screen retraction when loading is adjustable up to 450 mm.

max printing object height is 400 mm.

- **Automatic positioning on vacuum table on previous digital print**

- **Technical data of PRINT VS6 500:**

max. sheet format 500 x 350 mm

max. print format 495 x 330 mm

material thickness For automatic off-loading: up to 2 mm

for manual off-loading: up to 400 mm

max. screen dimension 900 x 700 mm

screen frame height 30 - 40 mm

Vacuum table height 950 ±25 mm
